Registration and payment:

- The registration for the BalticTriCup is free of charge.

Rating:

The rating system is meant to create equal chances for winning. At every competition one earns points referring to finishing time and order. The overall reached point number is being calculated by the following equation:

$$(O_{\text{Eck}}+T)*4 + (O_{\text{Lüb}}+T)*3 + (O_{\text{Damp}}+T)*2 + (O_{\text{Glü}}+T) = P$$

O= order

T= time

P= points

Your achieved order in the „Baltic Tri Cup“ will be published on the cup's rating list. The finishing time will be converted into minutes and seconds (example: 10:20:30 = 620,30). Also the overall reached points will be rounded up or off. The winner will be the one with the lowest amount of

points. The correct rating reached within the cup will not be published before every competition has taken place, sorry for inconvenience. Please note, pre- published ratings can change due to disqualifications.

Example:

1. Eckernförde:	00:59:20	2nd order
2. Lübeck:	02:05:00	8th order
3. Damp:	05:52:27	6th order
4. Glücksburg:	11:23:49	14th order

$$(2+59,20)*4 + (8+125)*3 + (6+352,27)*2 + (14+683,49) = 2057,83$$
